Meals in China: It will be covered by the organizer for riders and minders

Prize money: it will be paid for 1st place 3,000 USD, 2nd place 2,000 USD and 3rd place 1,000 USD.

About European BikeTrial Championship 2008, It is dure to be held on 31/May – 1/June 2008. And Biketrial Czech decided to change the date of their NBC for EBC. (refer to below) This is very important decision. The EBU president Mr. Musil is asking to the other countries will try to solve crashing schedule for EBC.

Dear delegates and friends,

I send you translation of the letter we have got from Czech delegate Jan Havelka. We really appropriate effort of the Czech committee to change their national championship. I hope to meet all of you in Belgium.

Best regards

Libor Musil

TRANSLATION:

Dear Mr. President,

In our meeting The National BikeTrial Committee reevaluated our position since the statement of the EBU which we sent you last week. In an effort to accommodate the organizer in Belgium, the National BikeTrial Committee implemented the complicated changes in the National Championships Czech Republic including the scheduled nominations. We decided on the new date of 31st of May – 1st of June, 2008 for our participation in this event, the European BikeTrial Championship in Belgium.

Currently the Czech National Committee is appealing to our partners in France and Spain. We are asking - in the interests of BikeTrial - to reevaluate their positions and to support and allow the European Championship to have priority of attendance over their national championships. This is an extraordinary situation which requires an extraordinary resolution. We are asking this also of the other delegates of BIU and EBU.

Best regards,

Jan Havelka

MONTY vs GIANT(2)

As we informed you about the new system of the BJU, they will start it from this year for the category CONSTRUCTOR of NBC. According to the BJU, up to now 2 brands made official

entry to the BJU. They are MONTY and GIANT. They competed in the 2007 WBC for 20" and 26", and MONTY won both that time. In this year, Kazuki Terai (NBC 20" champion/No. 6 in Elite 2007/MONTY) and Yoshimasa Nagaya (NBC 26" champion rider/No. 2 in Master 2007/GIANT) will compete together in the same category (Elite) of NBC because of abolished Master from 2008. Of course the users of these tow brands do not have to pay the fee (500 yen as the authorized fee of a bike) to the BJU when they take part the official events. But users of the rest of brands must pay the fee every time when they take part.

2008 EBC IN BELGIUM(3)

We informed you by the news dated on 4th March that the date of 2008 EBC has changed from 24th-25th May to 31 May-1st June. This information was sent from EBU. After that, we got information from Spain and France that the new dates clashed to their national championships. And today we got a comment from one more country Czech that the date is also clashed to their national championships. According to Czech delegate Mr. Jan Havelka, he wrote to EBU delegates and to EBU committee that "New date of 2008 European BikeTrial Championship in Belgium isn't acceptable any more. The competition of National championship in Czech Republic will be held (it is the classification of riders to World Biketrial Championship) as well as in France and Spain. The committee of EBU should stand the primary date 24.-25.5.2008!" We cannot think about EBC without 3 important European countries. It is a really big problem. We have to wait for the decision of the EBU committee for this matter.

BIKETRIAL WORLD RECORDS

We got a question about BWR from Spain. The delegate Mr. Molla wrote us that "One Spanish guy is asking about how to beat a Wolrd BikeTrial Record. From the point of view of Guinness is quite clear (Guinness organization) but, for BIU, what's necessary?" Okay. BWR was established by the BIU to record the great achievements of Biketrial riders. And the following are the condition.

(1) Application

There is the BIU application form to apply the record.

(2) Jury

Need at least 3 juries and they must be the delegates of the BIU. Normally 1 jury from the host country and 2 juries from the other countries are invited. They will check the venue/obstacles/safety/record/etc.

(3) Rules

BWR rules are consisted by 2 things. The one is the basic rules. All events must follow the basic rules. And the other one is the special rules. This was set just for each event. The BIU can provide the rules of BWR if the delegate applied it.

The record must be applied by the delegate of the country where the event was held. Application form/video/results/etc will be checked by the BIU and if it was done exactly by the rules, the record will be accepted as BWR.

2008 EBC IN BELGIUM(2)

2008 European BikeTrial Championship 2008 will be held in BELGIUM (AYWAILLE. near the Liege' town) on 24-25 May. The date was set many months ago by the delegate of Belgium and the EBU. We got news from EBU president Mr. Musil about the problem they got. According to him "The UEC (the European organization under UCI) will make a decision about changing their European Championship this weekend. Even if they made a mistake last month I expect that they will not change the date for commercial reasons. We want to be ready for this situation. This situation is for us regrettable but we have to resolve it". Now the organizer of WBC wants to change the date of EBC to 31 May – 01 June. Mr. Musil made contact to the President of UEC Mr. Holecek. According to Mr. Libor, "He promised to send me the information about their decision on Sunday. Because time is very critical we need to have prepared an alternative way to change the date according to the Belgian organizers' request. I really do not like this concession to UCI because we have made all effort to avoid this situation which is mainly very difficult for our organizers. (For example the best Belgian rider, Kenny Belay, cannot participate in our event ...). In this case we should yield to the organizers' interest and wishes instead of adhering to our principals. But perhaps we have to listen also our delegates? In order to have ready this statement before Monday I am asking you for your opinion. I look forward to your response as soon as possible". After that, the date

was changed as requested from the organizer.

The EBU General Secretary Mr. Stuart Matthews wrote that "Due to the reasons explained in the attached letter, I am having to announce that the 2008 European BikeTrial Championship will now be held in Belgium one week later on 31st May and 1st June. The EBU committee has taken this decision for the benefit of both the organizers and riders, although we appreciate that this may cause complications for many national unions. I hope that you will overcome any such difficulties and that you will all give the support to the 2008 EBC that it deserves. I look forward to seeing you in Belgium". But we got pity information from France. The delegate Mr. Jean-Luc Chevalier reported about the situation in France to Stuart that "I am sorry but this modification is now in the same dates as the French championship. Therefore, there will be thus nobody pilot French in Belgium". And also Biketrial Spain Mr. Marius Molla wrote that "I'm really sorry, it's the same for Spain! This day the Spanish team for WBC will be decided (3rd round and last one for classification to the WBC). What can we do?" I got the situation and it is very pity. We need understanding and support from delegates of European countries and send their riders for the event as much as they can.
