NEWS FROM SWEDEN

Thanks Roger for your report and the results about the event held on 17th May in Sweden.

Dear Hiro.

Yesterday we organized a competition at Sofiero castle in Helsingborg as a part of Sofiero classic show. That is an exhibition of old cars, motorbikes and bikes. We had approximate 9000 spectators around the competition and nice sunny weather. It was really good propaganda for our sport. Here are the results

Sincerely yours

NEW DELEGATE OF BIKETRIAL UK

We got e-mail from UK. And he requested about an exception for Elite. Any opinion?
Please check.

Dear Hiro

I am pleased to be elected the new delegate for the United Kingdom .My name is Anthony Rew, I run British championship bike trials for over 15 years My children competing during this time including international events, My first request to you is to consider the need for a slight change in the way that we continue the world classifications, several riders have contacted me and said that due to the world economic situation they are having trouble financing the trip to china this year , they tell me they are concerned that they may lose their status and do not wish to do this , but may have to , I feel this will weaken BikeTrial for the future and thus I ask that in this year due to the economic situation and the distance to the event you consider allowing them to keep their status for an additional year

Best wishes Anthony

NEWS ABOUT POLAND

We found below news on the web page of EBU. Up to now there is nothing explanation about it from Mr. Krzysztof Serwin. Therefore we are not sure about if he can continue BIU delegate or not. We are waiting for his contact.

Krzysztof Serwin, the delegate of Poland, has given up his function as
--

delegate; that is the reason why until other arrangements are made, and until the election of a new delegate in Poland the European BikeTrial Union will issue licenses to Polish riders.

We think it is the best solution and BIU will accept the licenses issued by EBU for Polish riders to take part all international events in 2009. (Added on 14/May).

INTERNATIONAL OBSERVERS FOR 2 MORE SECTIONS

We received a message from Stuart for EBC in Spain. He is waiting for your contact to solve the matter.

Dear Delegates,

You may have noticed that the organizers for the European Championships in Spain were originally thinking of having only 8 sections on Sunday. There is now a possibility of having 10 sections providing two qualified observers are willing to take part. This gives the chance of having two 'International Observers'. Each observer will receive payment for their participation. Please let me know therefore if your country would like to be represented in the form of an International Observer. Please provide me with the name of the Observer by the end of this week.

Thank you.
