## VOTE OF BCA

We received a very important message from Maria Isern (known as the mother of Biketrial sport). We will put in our news because we want you to know it. Also answer mail of Libor and Hiro as follows. Please check it. Tomorrow is the last day and we are waiting for your vote.

Dear Hiro & Libor,

About the BCA vote, I have read the following e-mails about the propose from the BUE. I am talking as a person who helped to expand this export. After learning the reply from some delegates, I think that no one knows the problem in Spain:

Situation of the Biketrial sport in Spain. According to the Spanish sport rules, the Cycle Federation (added to the UCI) is the only one with rights to organize cycle events in Spain and the most important thing to get sponsoring for the trial riders.

- That is why, Marius tried to be adhered to the Cycle Federation at the beginning of his presidency.
- Up to now, the situation is: BikeTrial (BUE) sport can not get budget for the Biketrial riders, meanwhile the trial riders from the UCI can get it.

It is not that in Spain there are different Biketrial groups. There is and always have been one sole group and always set and ruled from the Catalonian region. The BCA can follow the same gathering all the riders from Spain by Angel Batlle. BUE & BCA are to be one sole body with different entities.

If, at the beginning, the BikeTrial events could be organized, it was thanks to the Catalan government, because they suggested the Biketrial sport to be applied in another special format. We had to gather all the clubs to the get the maximum ones in order to get the applying form And in this way, we could begin to organize events in Catalonian and Spain as well. Same situation towards the international events, thanks to the Rep. Czech that with ist official status, we could begin with the International events. The BUE from Spain could have never got it by the UCI having the only one with rights

Now, we have the possibility to get budget for our riders by getting the BCA. So the future of our Biketrial riders in Spain are on the hands of the delegates.

- To get the BCA means to be able to help our riders to travel to the different International championships.
- Not to get it , it means to be as we have been till now, to deal with the budget got from the licenses and clubs: That is to say nothing in

order to promote the sport.
