ENTRY FOR 2010 WBC

Below is the information about WAIVER & RELEASE FORM. Please check.

Dear Hiro,

Please, could you be so kind to attach the following message in your BIU news? Every country-delegate is asked to check the whole information concerning their riders: waiver & release form is a necessary document to accept the responsibilities and terms of each competition; entry list as well, of course.

Thank you very much,
Màrius Mollà

Hello Marius, Hello Hiro, hello to all,

is true, the Release form is necessary document but is not mandatory at this time. Is possible sign the W&R in any time. Also at the moment of start. The W&R is not for BIU is for organizer insurance. W&R Form in not in dead line also Entry list is two separated question. For me the W&R is ok if signed "before the competition". More delegates are under difficult to send this document. Still must be discussed this argoument.

What do you think ?
Giuliano.

agree. This cannot be a reason to correctly inscribe a rider in a national selection. It is just better for organizer to have it ASAP in order to avoid having too much remaining items at the last moment, this is maybe the text that could be divulged in BIU news.

Thank you for your good criteria.
Màrius Mollà

If your entry list was not complete yet, please finish it before the deadline. After that it will not be accepted.
