

**BIU NEWS 2010 SEPTEMBER  
EBU EUROPEAN CUP**

It has been 10 years since the last WBC was held in Germany. Congratulations for the great success of EC 2010 to EBU! We got the results of Elite and message from Libor today. So let us share it.

Hello friends,

Here you have results from Germany. Anna is going to create official final results of EC 2010 today in the evening or tomorrow. We had very good final of EC as well as of season even in Germany was very bad weather. We found there very good and professional team of organizer with a good potential for the future in Germany. I was there alone from EBU committee but at the end Anna help me very much and the final was OK. We have got many riders during 3 rounds of EC 2010 and we found 2 new and very good places and organizers for the future. I think the concept of European cup events work very well. I also like very much friendly and informal atmosphere of this kind of events. I am looking forward to EC 2011.
