

PITY NEWS

Yesterday we got the information from China about the cancellation of 2011 WBC. Jason has been trying very hard to find the host city and he found some possibilities and tried until yesterday but finally there was no city in China to host the event this year.

Dear Hiro

I have contacted with all cities today, and didn't get any confirm reply. Most cities have the problem of budget for WBC this year. So I have to abandon the plan of WBC China round in 2011. After working hard for almost a year, we will go on to promote Biketrial sports and hope there will be other events soon.

Best Regards
Jason

Dear Jason,

Thanks for your answer. Thanks for your effort. Even not good news this time, I believe that we will have the opportunity in the future. The next year, I hope China and Japan will have WBC for Asian riders, and all riders in the world. I hope more Chinese riders will travel to WBC in Czech and Catalonia this year.

Sincerely yours,
Hiro

Dear Hiro

Thanks for your great support. I will go on to do my best. Zhao Xuan already asked about WBC plan this year. Hope he will participate in the competition.

Best Rehards
Jason

SOME COMMENTS FOR DVD

Preparation to send the next DVD "2010 WBC Italy" for delegates is over. We have been waited for receiving the activity report and the answer for 2010 BIU SURVEY from the other countries. But not any. It is a pity. The DVD will be post on the next week on Monday.

Happy new year for you too, Hiro. I also received the DVD about Vilanova de Prades. A very nice gift. Thank you very much in behalf of BUE.

Best regards,

Dear

Hiro,

Happy New Year 2011! Sorry it's too late, this month I'm in college semester final exams so the schedule is very tight. Thank you very much for the DVD we have received on 29th December before night. Happened to be some kids rider who stay after join the YH Cup days before, so we immediately watched it together. It's great, we could see the situation, process, etc. well. The kids said they want to join WBC someday and to become like Dani Comas. A kid very like him. We are keep trying to hold first Biketrial Indonesia event, earliest maybe able at

the end of February or in March 2011. Please send us about your event, thanks!

**Sincerely
Yosnison Maretsa**
