EARTHQUAKE, TSUNAMI, FIRE AND UNCLEAR IN JAPAN

The rescue teams from USA (150), UK (70), China (15) are join to our rescue now. They lost their words when they arrived to the one of the places.

Dear friends,

The last night before 11:00, we had another big earthquake in Shizuoka (over magnitude 6) and Nagoya and here was M3. It made some victims and destroyed and burned something. That is the chain reaction and we are still in danger. I could not fall a sleep till late at the night. I just hope this will not pull the trigger of another line (the plate from the Philippines) under Nagoya city.

Today we got more mails as below and thanks for your thought. That is really helpful.

Sincerely yours,
Hiro

Below is the message from Biketrial friends. Thanks a lot!!!
