

BIU NEWS 2011 MARCH

EARTHQUAKE, TSUNAMI, FIRE, UNCLEAR & SNOW IN JAPAN

We had quite big earthquake over M5 in the north and M3 in East yesterday. Still continuing every day and we do not know when it will be over. The pollution of unclear is getting serious that still not under control. Land was not good for any use. Many outdoor events have to cancel for the safety reason. I think MOTEGI WCT will be canceled this year at least. Lack of electric is a problem in Tokyo and the around and having blackout everyday. That makes all business very hard to run. Hiro used KC13 in Kyoto held on 27/March as the charity event and got 82 entries this time. The money we collected by the event will be sent to the victims through BJU.

Below are some messages from Italy, China, Belgium and Spain. Thanks a lot for your sympathy!

Dear Hiro.

Just few words for a little moral support for you and your family in this difficult moment for all Japan. I was glad to see that you're all safe. I'm sure that all nations will start again stronger than before. I had also an e-mail exchange with Aki and him and his family are safe. I do hope it's the same for all BikeTrial family in Japan. Hope to see you at WBC2011.
