

## BIU NEWS 2011 MAY

### EUROPEAN BIKETRIAL CHAMPIONSHIP

Dear BikeTrial Delegates, Riders, Friends,

I would like to remind you that the deadline for sending the applications to the EBC in Sweden is tomorrow, 29/04/2011. Please don't forget to send your applications until this date. Thank you. We are looking forward to seeing you in Björkvik soon.

Sincerely yours,  
Anna Šmehlíková

### THANKS TO LIBOR

Dear Hiro,

Thank you for sending news from your country again. All of you have our highest respect in these tough times.

I think for us it is very difficult to imagine what is your current situation. If even I can, I would like to ask you to stay together now and to find a compromised acceptable solution for all officials of BJU Committee. Your riders affected by this disaster need active all of you in order to find a way to organise some events and to have a chance to forget real situation just for a while.

EBU Committee has been working last 3 weeks with arrangement of financial help to some affected BikeTrial family in Japan. Unfortunately European Union is very bureaucratic and we have to pay attention to European financial law for charitable collection. We finally passed over this obstacle and we are going to start it in coming days.

Please consider everything and give our best to all our BikeTrial friend there.

All the best!  
Libor

### FROM ITALY

Hello Hiro, hello Peter,

I am happy to hear you and to get news from Japan, we had not information from you for a long time.

I write many time to Peter this year and I am happy to read some news from USA. I see that my effort have give some results. I hope to met Peter this year and I hope he can reply to me at least one time.

Best regards,  
Giuliano Gualeni

## CORRESPONDENCE WITH CHINA

Dear Hiro

Thanks for the news, hope your trip with Mishima to Miyagi successful. If possible please send me the information and photos after the event.

Best Regards  
Jason

Dear Jason,

Yes. I will send you the photos and my report after the event. I think many things will be changed after the catastrophe. It has to be like that. I have new project to promote Biketrial much more in the future. Up to now it is secret but I will start the campaign from the 1/May and you will know about it. I will send you my recent photo that I too a trip with my new bike on the train.

Sincerely yours,  
Hiro

Dear Hiro

Seems some slim in the photo. Take care. Glad to see KC is growing up, I will make a page for the event. I have also contacted some cities to find possibility of WBC 2012 and WBMC 2011.

Best Regards  
Jason

Dear Jason,

KC is getting popular. I am trying my very best for the event and though it, I am trying to get much more people for our sport. BJU Mishima will close his office in Tokyo and he will move to Kameoka city Kyoto. Near to Kameoka Trial Land. This is his decision because Tokyo got so much influence from unclear problem. The base of Biketrial promotion in Japan will be Kameoka city. The next KC will be held on 19 June.

Now my weight is 67.95kg. Last year in August, I was 78.5kg. I lost more than 10 kg in 7 months. So my condition is very good. The reason is I got a new bike and riding it everyday. It is a lot of fun.

Sincerely yours,  
Hiro
