

## **BIU NEWS 2011 JUNE FROM GERMANY**

Hello Hiro,

I send you many greetings from Germany. I hope you and your family go it well. I have a question. There are contacts with the FIM and Biketrial. I think it am important. The FIM should recognize BikeTrial as basis for the motorcycle Trial. Many drivers are changed from BikeTrial to motorcycle Trial and very good drivers in the world championship. The FIM should recognize the B.I.U. officially.

Best greetings  
Frank

## **DELEGATE CHANGE**

Hiroshi,

I just wanted to inform you that I will be passing on the position of BIU delegate for Canada to Jeff Anderson.

I would like to thank you for all the support we have received from the BIU and yourself especially. I believe we have done a pretty good job of growing the sport in Canada even with the extreme difficulties associated with travel to international competitions, as well as the travel difficulties even within our own country due to the size. Without your support none of that would have been possible including Canadian riders winning World rounds and finally our first Canadian Elite rider.

I myself have had some incredible experiences, ones that I will never forget. It has been wonderful to be a part of the BIU "family" for many years.

The BIU has given many younger riders a chance to experience world class competitions, something other associations do not. I regret not being able to bring a World Round to Canada but hopefully in the future others may be able to.

Thanks again for the opportunity to represent our country in this

incredible sport.

**Michael Baia**

Dear Mike,

First of all, I would like to write my special thanks to help B IU and promote Biketrial in your country for a long time, till today. You and your family have a lot of passion to our sport and that gave happiness to riders and finally you made Elite in Canada. You brought and guided him to the heist level in the world. I can say no one could ever make it except you. That is one of great things that you did as the Canadian delegate of BIU. Also you made NABC in 2009 and you support my travel the year before when I visited Canada. It is a good memory of mine. I feel also thanks to Sherry, Jason and Stevie. They support you a lot! You have many good friends and families who support you and enjoy together. That is the best thing and I like them a lot. Thanks for finding next person to take care of Biketrial. Please give your support to him when he needs it.

Could you check below details about Jeff? If no problem, I will inform the change to all delegates by next news.
