

**BIU NEWS 2011 JUNE  
ENTRY OF 2011 WBC**

The Czech organizer has sent wrong information about the deadline of the application as 13/July. But BIU does not agree this and we will close it as we informed it on BIU 2011 WBC PROGRAM. So please do not confuse it and follow our rules. Below is the mail from the organizer and the answer of Hiro.

Once you greetings,

registration deadline for World Cup 2011 will be up to 13.7.2011. We would like to ask for help, whether the application could continue forward. It is important to us, we can arrange accommodation, preparation of documents and starting all materials. Thank you so much for your cooperation and look forward to seeing you. Here we attach to the application date of 13th July, 2011.

Sincerely Esther

Dear Ester,

Please talk to our delegate Radim about the entry thing. In our rules, the entry must be sent to BIU. And BIU will close it on one month before the first event. Then BIU will send the official entry list to the delegates of the host countries (Radim in Czech and Rai in Catalonia). The host countries have one more week for the deadline (30/June) because they can add some more riders from the national in case of less than 150 riders (to the limit). You cannot extend the entry to July 13. It is against the rules.

We have 3 days more to finish entry except host countries. I will send you the latest official entry list. Please check it. If you received entry list from some other delegates, please send it to BIU before the deadline.

Sincerely yours,  
Hiro

## ABOUT KAMEOKA CUP

Below is the continuing correspondence with Jason about KC. If you have question about this event, please send it to us without hesitation.

Dear Hiro

Thanks for the rules. The pushbike event should have good future. I find many kids got the same penalty, is their ranking decided by section time used?

Best Regards  
Jason

Dear Jason,

I use the special rules for KC when the score became the tie. The class under 15 years old belongs to Group "B". And over 16 years old belongs to Group "A". Tie in Group A, older rider has priority in the place. Tie in the Group B, younger rider has the priority in the place. Then it is easier to make the position. This also helps not to make harder section. And it keeps them happy. Because who ask harder sections for the competition is the fathers. They think all 0 points is not good for their son or daughter. They do not care the other beginners. I do not use time penalty for KC. All riders have 4H30M to ride. They can enjoy without hurrying. That is also important to enjoy the event together with friends. KC does not need observers. All riders judge each other and also their parents do it. They learn rules very fast and it is also good. KC is not championship. The main purpose is to get participants. Younger to old, boys and girls, it is important to have those people. That is why I do not follow the way of championship. Now many event in Japan following the KC way. Because it is a good sample and KC is the only increasing participants. The other decrease participants especially after 3.11. The next Sunday we have national championship and the entry is 72. KC last Sunday got over 80 riders. That is the results.

Sincerely yours,  
Hiro

Below is the mail from Libor (EBU).

Dear Hiro,

Congratulation to the very nice event in Kameoke trial land – it is the right promotion of our lovely sport for publics and recruiting of new riders as well.

Best regards,  
Libor Musil

Dear Libor,

Thanks for your understanding. This event get about 30 new people each time held. And Femina about 15 riders. (You can check it in the results. The yellow number is new comer and the orange F is Femina). Every time increasing the participants and in the last February, I got 104 participants. It is the record of this event.

Sincerely yours,  
Hiro
