

BIU NEWS 2012 AUGUST 2012 WBC

NEWS FROM CHINA

Dear Hiro

BIU 21th WBC 2012 report is available on Xbreaker now, including BIU WBC Annals(1992-2012) and WBC Report(2006-2012), please check as below:

<http://www.xbreaker.com/2012wbc/index.htm>

Thanks Mishima provide videos.

Best Regards
Jason

SCRATCH 2012

Dear Presidium Members,

The birth of democracy is always difficult.

We are obligated to follow the statute and rules, therefore for the nomination in elite is responsible the technical comitee - Mr. Fabregas, Mr. Pcola and Mr. Kakac. The final nomination has to be confirmed by members of Presidium. This is the correct way, we don't need to hurry so much. We shall let the time needed for the technical comitee to prepare their proposals and in meantime we shall not forget to thank the leaving Elite riders.

Kind regards,

<p>Lubo Janoska BIU/EBU treasurer</p>	
<p>To Mr. Janoska,</p> <p>Birth of democracy? What do you mean? Do you mean I have been doing like an autocrat? What do you know about BIU? The administration of BIU has been well till today. It was very difficult to run the BIU in the beginning with a very bad copy of Statue was left and I had to start all work almost alone. I tried technical rules first because we must run the events. For this, I have been making good communication with all delegates, people who support and understand our sport and union. And when we have to decided, I asked and share the matter with all involved people and decided with our delegates by vote. I do not know if you know the process we took but you cannot deny it with a mail. Presidium is okay. But it should be the last place for the determination. Before that, each matter should be well discuss with the national committee of the BNU and has to be vote in it and it should be brought by the delegate to BIU. Presidium should discuss and decide such important matter brought to BIU with right process. If every delegate can brings all matters directly to BIU (include presidium members), it will make mess. It is not systematic and right.</p>	
<p>Sincerely yours,</p>	
<p>Hiro</p>	
<p>Dear Hiro, Libor</p> <p>Thanks Mr. Hiro finish the Scratch ranking with high responsibility as BIU president. Here are my opinions about Zhao Xuan's application for returning to Elite.</p> <p><u>1. BIU rules Art. 11 CATEGORIES A Elite:</u></p> <p>"The BIU Technical Group will decide the number of the riders who can be accepted into the category Elite after the end of the World Championship. 3 as the minimum and 8 as the maximum from the Scratch (Junior + Senior) ranking will be promoted to the category Elite." ZHAO Xuan is No. 8 in the Scratch ranking, he has the right to apply for return Elite which he belonged to in 2010. BUT the rider got "I think this question is positively closed since over one week" without any reason from BIU presidium just after BIU election. IT's amazing to neglect the rider's right application and ignore the respectable BIU rules although it's written clearly. This will make extreme bad impact on the rider. BIU rules can't be trampled arbitrarily in front of all BIU members and Biketrial riders in the world. To break BIU rules arbitrarily without any respect will extremely damaged the image of BIU which is never seen in BIU glorious history.</p> <p><u>2. BIU rules Art. 23 CHAMPIONSHIPS</u></p> <p>"After every Championship, the organizer must hand the classification</p>	

sheet (results), signed by the event director and the juries, to the respective union by the following week...Besides this, the organizer must provide a special classification sheet "Scratch" displaying the results of the riders who performed in the red color sections of Group-A. This classification will be used to move riders up to the Elite and it must be handed to the respective union."

I admire Mr. Hiro's High Responsibilities as BIU president:
"We should forward many things but before anything, we should finish WBC things. It is important to have approval for the ranking of 2012 and we jury should decide the promotion to Elite in 2013 from scratch... we should discuss with watching the ranking and think the possibility."
"We should take the right process in our work. Started vote for Almand before we finished Scratch ranking is not in the right process. And of course we do not close it yet. However we should decide the numbers to promote to Elite from Scratch for 2013 should follow the way we have been doing. I think it is normal."

It's already 11 days latter when WBC organizer to provide correct Scratch ranking. The rider is waiting for the Scratch result eagerly; it's obviously irresponsible and unfair to the rider simply with "I think this question is positively closed since over one week."

I wonder why this could happen without any respect to the rider and BIU member. Actually it's ignorance without basic knowledge of BIU rules even the right process.

Just one week before the Final Scratch ranking is not determined yet, I only find Hiro asked the WBC organizer to finish the Scratch ranking which is delayed too much for several times in BIU news, but no response.

Now "Elite promotion closed" is irresponsible for the rider and BIU, it's not in right process and break the respectable BIU rules harmfully.

3. China Rider Zhao Xian's Application to Return to Elite is in Right Process

China rider Zhao Xuan was promoted to Elite in 2010, for economic reason he didn't participate in 2011 WBC all held in Europe and out of Elite 2012. This year China riders use more than 4300 Euros each person to participate in all WBC rounds in Europe for the first time in BIU WBC history, the riders support WBC with great passion for our Biketrial sports. At last Zhao Xuan got 4th in senior and 8th in Scratch ranking through his great effort, he is happy to got the qualification to apply for returning Elite according to BIU rules.

I hope BIU Technical Group will give the China young rider Zhao Xuan proper and persuasive answer in right process.

I hope BIU keep everything in order soon just as before, any ignoring BIU rules and Right Process should not occur.

	<p>Best Regards Jason</p> <p>Dear Member of BIU Technical Group,</p> <p>As is write in BIU Rules Mod. 21, Art. 11 the decision about Promotion in Elite category is task for the Technical Group. This task is not for Jury, Delegate or President. As you know Armand Molla is the 4° Rider in Scratch, his Delegate Josep Abant have ask the promotion in Elite and his father Marius Molla have ask the same. As you know in the past days many people have write about Armand in Elite but we need follow only the Rules, and rules say:</p> <p>Article 11: "The BIU Technical Group will decide the number of the riders who can be accepted into the category Elite after the end of the World Championship. 3 as the minimum and 8 as the maximum from the Scratch (Junior + Senior) ranking will be promoted to the category Elite. [.]" The decision about the promotion is only your decision. Now I ask you to decide about this question. We wait your decision.</p> <p>Best regards, Giuliano Gualeni Vice President of BIU</p>	
	<p>Dear vicepresident,</p> <p>I red rules and I agree with you. It is propose of technical committee. We prepare it for presidium.</p> <p>Stefan Pcola</p> <p>Dear jury and presidium,</p> <p>Please see the ranking chart of Scratch. Talk about only Armand means not perfect. We should think about how many riders from Scratch can be promoted for the next year. If we take the maximum possibility, 8 can be promoted.</p> <p>Sincerely yours, Hiro</p>
