From the west:

We are organizing historically first Indoor European Championship which will have some particularities because it is Indoor competition in hall. Except for some special rules, which you can find in attachment, I would like to point out following:

1. Every rider, who will finish on 1st up to 3rd place will get the trophy.
2. Riders will pay for their accomodation.
3. Free entrance to the hall is for one rider and one minder.
4. Only competing rider is allowed to enter the planking (sections area), and for categories Poussin, Benjamin, Minime and Femine also one minder will be allowed to enter the planking with the competing rider.

For categories Cadet, Expert, Senior, Master and Elite only riders are allowed to enter the sections area. One minder of each rider can be in special reserved area near to the sections (in case of defect of injury...).

Riders and minders of riders, who are not competing at the moment, are not allowed to enter the sections area.

Thank you for your understanding.
